PEOPLE ASSISTED* (†***) Yemen Interim Country Strategic Plan (ICSP)

*WFP continues to target 12.9 million people with life-saving food assistance.

In April 2020, owing to a challenging operating environment and a decreased

funding outlook, WFP reduced the levels of assistance in the northern areas

and continued to provide assistance every two months instead of monthly to

around nine million people. As of February 2021, WFP started providing full,

monthly rations to 350,000 people in districts with IPC 5 populations.
