**COVID-19 OPERATIONAL IMPACT**

- **Colombia**
  - School feeding: Adaptation to take-home rations: Significant scale-up of food baskets (in-kind); Expansion of Cash and Vouchers as a safer deliver modality.
  - Hot meals: Most community kitchens are temporarily closed, smaller ones and those operating in shelters continue functioning.
  - Relief support to Venezuelan returnees through food kits; Emergency relief support in the Amazon region, including for indigenous populations: Expansion to urban areas, including cash assistance in Bogotá.

- **Ecuador**
  - Monthly Food Vouchers: Beneficiaries are still selected and assisted by phone. Strengthened assistance is given to the most vulnerable households with pregnant women and children. Due to the continuous COVID-19 restrictions, targeting new beneficiaries remains challenging.
  - Shelters & Canteens: 26 out of 28 shelters and canteens assisted vulnerable population.

- **Peru**
  - Containment measures remain in place. Restriction levels vary per region, but does not have a significant impact on beneficiaries’ capacity to redeem their cash assistance.
