**PEOPLE ASSISTED**
Yemen Interim Country Strategic Plan (ICSP)

*WFP continues to target 12.9 million people with food assistance. In April 2020, due to operational challenges and a decreased funding outlook, WFP provided assistance every two months instead of monthly to some 9 million people in the northern areas. As of February 2021, WFP started providing full monthly rations to 350,000 people in districts with IPC 5 populations. From April 2021, WFP is progressively scaling up assistance to 6 million people in the most food insecure areas, with monthly assistance from June.
